

The Lactation Clinic is a free day-stay service that offers support and specialised breastfeeding advice to mothers and their babies.

We also offer antenatal consultations to pregnant women with breastfeeding concerns or previous breastfeeding difficulties.

The Lactation Clinic operates from the Mother and Baby Resource Centre at Northeast Health Wangaratta. The service is available to all women in our community.

The Lactation Clinic is staffed by midwives who are International Board Certified Lactation Consultants.

Referrals

You may book an appointment yourself or be referred by:

- Midwife/Domiciliary Midwife

Appointments

For appointment bookings phone:

Lactation Clinic
(03) 5722 5487
Monday-Friday
9am - 3:30pm

Or after hours
Maternity Unit
Northeast Health Wangaratta
(03) 5722 5225 or (03) 5722 5301

Family

Due to space constraints and privacy issues we are unable to accommodate partners/support people in the Lactation Clinic. Staff will happily consult with partners at the end of the session if needed.

Childcare is unavailable at the hospital.

Parents are requested to organise alternate childcare for siblings.

The Lactation Clinic operates from
Northeast Health Wangaratta's
Mother & Baby Resource Centre:
